

ATIKA®

Lawn mover **RMC 40-510**

Powerful ***Li-ION TECHNIC SYSTEM 40*** lawn mower for gentle lawn care. With automatic adjustment of the cutting speed. Ideal for medium to large lawn areas.

CE

Lawn mower **RMC 40-510**

Powerful 3in1 lawn mower, for a gentle and thorough lawn care.

- 3in1 lawn mower with collecting bag, mulching kit and side discharge chute:
 - with the collecting bag the grass clippings can be collected comfortably,
 - with the mulching kit the grass will be finely shredded and spreaded. So the lawn is fertilized immediately and protected from drying out at the same time,
 - the side discharge can be used when mowing taller grass;
 - with brushless motor, which ensures a longer working time of the battery and longer life of the lawn mower;
 - the cordless lawn mower has a power saving feature that adjusts the cutting speed automatically to requirements in order to achieve the best possible cut, while the runtime is maximized;
 - the cutting height is easily and quickly adjustable at 6-positions;
 - safe working, as equipped with soft start and 2-hand safety circuit;
 - comfortably mowing with the two-way adjustable ergonomic handlebar with softgrip;
 - robust and sturdy metal chassis with an additional front protection against bumps;
 - the integrated handle on the front protection helps to lift up the mower easier for transport or cleaning;
 - foldable handlebar for a space-saving storage and transport;
- ⊕ practical collecting bag including 'bag full' indicator holds 60l for long working intervals;
- ⊕ with safety key. Only when it is plugged in the machine can be started.

powerful Li-ION TECHNIC

The batteries and the charger are not included in the scope of delivery and have to be purchased separately! These are compatible and may be used for the **Li-ION TECHNIC SYSTEM 40** of Atika.
