

# Saw horse

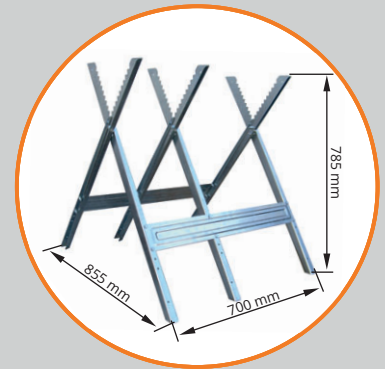

The reliable helper for the daily use.  
Indispensable when working with long  
logs or branches.  
Safe and sturdily built.

# Saw horse

For sawing wood - ideal helper for making firewood.

- Easy and quick to assemble;
- stable and sturdy construction, with a load capacity of approx. 150 kg;
- corrosion-protected due to the galvanised steel angle profiles;
- the toothed support surfaces allow wood of different thicknesses to be sawn;
- safe working, because the strongly toothed supporting surfaces prevent the wood to be worked on from turning and both hands are free to guide the chain saw safely and precisely;
- practical, as it is easy to transport when folded and can be stored in a space-saving way.

foldable after use

## Saw horse

Order no.	300850
Carrying capacity	max. 150 kg
Floor area	max. 855 x 700 mm
Height	785 mm
Dimensions folded up	1000 x 700 x 70 mm
Frame	galvanised
Foldable	✓
Unmounted	✓
Weight	approx. 6.6 kg

## Logistic data

	1015 x 160 x 35 mm
	approx. 7.0 kg

Technical modifications reserved.
