

**ATIKA<sup>®</sup>**

# Dust collector **ABS 2000**

The compact and mobile dust collector ABS 2000 from ATIKA.

With a large-volume dust collection bag.

Ideally suited for extracting milling, planing and sawing chips.

CE

# Dust collector **ABS 2000**

Optimal for keeping the workplace clean and therefore safe during woodworking, such as sawing, sanding or planing.

- Compact and powerful dust collector with a high suction power, which can be coupled with large woodworking machines, such as circular table saws, as well as with small machines, such as band saws or scroll saws;
- the large-volume filter bag quickly cleans the polluted air;
- a flexible suction hose with a length of 2 m makes it easy to connect the dust collector to the woodworking machines;
- the large chip bag collects large quantities of sucked-in chips and facilitates disposal;
- the filter and chip bag can be changed quickly and easily thanks to the clip locks;
- the trolley allows the extraction unit to be moved quickly and easily;
- robust and stable metal frame;

+ 2-piece adapter set for connection to many different woodworking machines

*Not allowed to operate in industrial areas.*

*In closed rooms only for short time rating daily max. 1/2 h. Only for collecting of chips (no dust).*

large flexible suction hose and 2 adapter

compatible with many devices

bracket quick-release fasteners

## Dust collector

## ABS 2000

Order number	301880
AC-motor	230 V~ 50 Hz
Input power $P_1$ (S1 - 100 %)	550 W
Rotational speed $n_0$	2900 min <sup>-1</sup>
Airflow rate	1150 m <sup>3</sup> / h
Filter surface	approx. 0.9 m <sup>2</sup>
Vacuum	1160 Pa
Dust bag volume	65 l
Guaranteed sound power level $L_{WA}$	100.0 dB(A)
Sound pressure level $L_{PA}$	88.5 dB(A)
Measured uncertainty $K_{LWA/LPA}$	3.0 dB(A)
Suction tube	Ø 100 x 2500 mm
Connexion adapter 1	from Ø 100 to Ø 90 mm
Connexion adapter 2	from Ø 100 mm to 2x Ø 35 mm
Chassis	✓
Dimensions (length x width x height)	approx. 900 x 500 x 1550 mm
Weight	approx. 22 kg

## Logistic data

860 x 470 x 410 mm

approx. 24 kg

Technical modifications reserved.
