

ATIKA®

Earth auger **ELB 52**

The powerful petrol earth auger.
For easy drilling in soil to set trees or
fence posts.
Can be used in gardening, forestry
and landscaping.

CE

Earth auger **ELB 52**

The auger with powerful 2-stroke petrol engine enables easy drilling into the ground.

- The powerful 2-stroke petrol engine and the robust centrifugal clutch guarantee a long service life,
- the fuel pump (primer pump) makes starting easier and faster, as the petrol mixture is pumped directly into the carburettor;
- equipped with an overpressure bleed valve, the excess air in the gearbox is simply released via the bleed screw,
- the robust centrifugal clutch guarantees a long service life, easy mounting of the augers,
- + including 3 augers (Ø 100, Ø 150, Ø 200 mm) and mixing canister.

strong 2-stroke petrol engine

simple to use

gearbox overpressure vent screw

Earth auger

ELB 52

Order number	300800
2-stroke petrol engine (EUV)	51.7 cm ³
Engine power	2.2 kW (approx. 3 PS)
Total length	approx. 1070 mm
Length of augers	800 mm
Volume of fuel tank	approx. 1.2 l
Fuel/Oil mixing ratio	40:1
Sound power level L _{WA}	113 dB(A)
Sound pressure level L _{pA}	88.4 dB(A)
Measurement uncertainty K	3.0 dB(A)
Hand-arm-vibration a _{vhw}	< 21.206 m/s ²
Measurement uncertainty K	1.5 m/s ²
Primer pump	✓
Choke lever	✓
Gearbox overpressure vent screw	✓
3 earth augers	Ø100 mm / Ø150 mm / Ø200 mm
Weight (cpl. with Ø 200 mm auger)	approx. 12.2 kg

Logistic data

830 x 575 x 285 mm

approx. 20.7 kg

Technical modifications reserved.
