

ATIKA®

Radial tile cutter **ST 200 N**

The professional radial tile cutter for craftsmen and do-it-yourselfer.

With extensive equipment and functions.

Ideal for demanding renovation and finishing work.

CE

Radial tile cutter **ST 200 N**

Ideal helper for cutting wall and floor tiles to size.

- The cut unit is 4-times ball bearing and tiltable up to 45° for exact cuts;
- work table with scale and adjustable angle stop for precise mitre cuts;
- the cutting unit can be continuously swivelled from 0° to 45° so that tile edges can be mitred (jolly cut) and double mitre cuts can also be made;
- extensive equipment such as a water tray, rubber mat, cooling water pump and stand for comfortable working;
- + with diamond cutting disc for cutting various materials such as ceramics, granite, marble, bricks and tiles;
- + PRCD personal protection plug included: as additional protection, it only allows power to be drawn from intact sockets on construction sites.

ST 200 N

Order number	302252
AC-motor	230 V~ 50 Hz
Input power P _i (S2 - 30 min)	800 W
Rotational speed n ₀	3000 min ⁻¹
Protection class	IP 54
Diamond blade	Ø 200 x Ø 25.4 x 2.2 mm
Bevel cut	0° - 45°
Cutting length	max. 500 mm
Cutting depth at 45° x	approx. 25 mm
Cutting depth at 90°	approx. 30 mm
Table size	595 x 403 mm
Sound power level L _{WA}	97 dB(A)
Sound pressure level L _{PA}	84 dB(A)
Measured uncertainty K	3 dB(A)
Cut unit 4-times ball bearing	✓
Cooling water pump	✓
Water tank	✓
Weight	approx. 26 kg

Logistic data

	900 x 485 x 360 mm
	approx. 30 kg

Technical modifications reserved.
