

ATIKA®

Circular bench saw **T 250 N-3**

The compact but light table saw for the do-it-yourselfer.

Quickly set up on the stand and ready for use anywhere.

Extensive equipment for precise sawing results.

CE

Circular bench saw **T 250 N-3**

The table saw that can go anywhere. Quickly ready for use - ideally suited for large workpieces

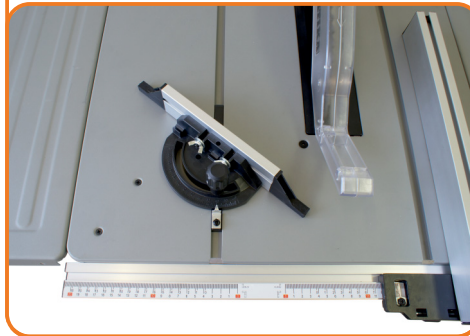

- Safe sawing everywhere - the sturdy base frame allows the circular table saw to be used flexibly;
- due to the table extension and the table extensions on both sides, even large-format workpieces can be sawn safely;
- the carbide saw blade is infinitely height-adjustable up to 85 mm and can be angled up to 45° for mitre cuts via the smooth-running hand wheel;
- cut long wood accurately with the longitudinal fence with integrated magnifying glass;
- + with adjustable cross and mitre fence up to 60° - precise sawing of angular cuts up to 60°;
- + safe handling of the material to be cut with the push stick supplied;
- + 2 connections for chip extraction, cable rewind and push stick holder.

inclined adjustment of saw blade 0° - 45°

mitre fence and longitudinal stop

with cable rewind and push stick holder

Circular bench saw

T 250 ECO-3

Order-no.	302607
AC-motor	230 V~ 50 Hz
Power P ₁ (S1)	2000 W
Idle speed	5000 min ⁻¹
Fuse	10 A inert
Hard metal saw blade	Ø 250 x 1.8 / 2.8 mm - 40 teeth
Cutting height at 90°	85 mm
Cutting height at 45°	65 mm
Incline adjustment (swivelling range)	0° - 45°
Cross- and mitre fence	0° - 60°
Table dimensions (with extensions)	804 x 893 mm
Table height (with underframe)	825 mm
Guaranteed sound power level at work L _{WA}	107 dB(A)
Sound pressure level at work L _{PA}	94 dB(A)
Measurement uncertainty K _{LWA/LPA}	3.0 dB(A)
Longitudinal/mitre fence	✓
Motor overload protection switch	✓
Push stick / pushhandle for wood	✓
Weight	approx. 20.3 kg

Logistic data

710 x 620 x 330 mm

ca. 22,5 kg

Technical modifications reserved.
