

CE

PCX Series

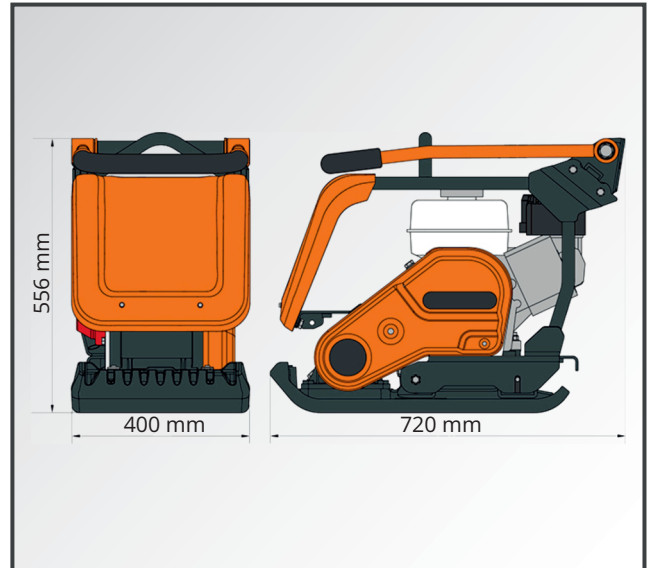

Plate Compactor PCX 13/40

- heavyweight, forward-moving combination plate compactor with high performance compaction
- shorter base plate for a better compaction & manoeuvrability
- reinforced centrifugal clutch & maintenance-free vibration bearings
- protective frame with lifting bow
- large water tank with "quick fill" (model with water kit)

PCX 13/40

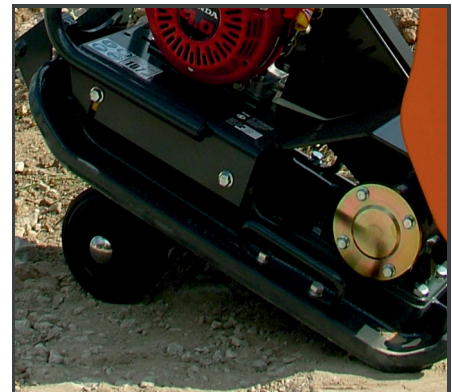

- heavyweight, forward-moving combination plate compactor with HONDA petrol engine and protective frame with lifting bow
- shorter base plate for better manoeuvrability and compaction
- maintenance-free vibration bearings and reinforced centrifugal clutch for a longer belt lifetime and easier belt adjustment
- high-frequency vibration unit (13 kN at 101 Hz)
- foldable handle - can be lowered to work under obstacles and near formwork. It also allows space-saving storage and transport.
- optionally with water tank & spraying system (water kit)

*Optional with water kit (water tank & water spray system) or available as accessories:
Order-no. BEOPP/71S/DIO

High-frequency vibration unit with 13 kN at 101 Hz, maintenance-free vibration bearings and a reinforced centrifugal clutch for a long service life.

A foldable chassis for easy transport is also available as an accessory:
Order-no. BEOPP/74/DIO
